THE AMERICAN PRESS ASSOCIATIONMISSOURI WOMEN WILL
VOTE FOR PRESIDENT

The women of Missouri will vote for president this fall. This right was given them by the Missouri legislature in its regular session in 1919. Ratification of the federal suffrage amendment by the 36th state will give women in every state the right to vote for all officers on exactly the same terms as men, but women in Missouri will vote for president November 2, whether the federal amendment is ratified by that time or not.

The right of the Missouri women to vote for president this fall has been denied by some who do not understand the matter.

Procrastination makes waste. This is demonstrated by the fact that the failure of the citizens to push the community building to completion this summer places the town in an embarrassing position as to the housing of stock in the fall sales to be held here. Had the building been financed and the work pushed as it could have been this spring, it could have been completed enough to have housed the stock and to have provided for these sales and also for a fall fair which was called off. As it is, a temporary structure is being agitated and an expense must be met which could have been saved. It is hoped that the community building will be constructed and ready for use next summer.

Women who miss the opportunity to hear the women speakers sent out by the League of Women Voters and by the political parties to organize and instruct, lose a great deal. The women who the taking up this work are the most intelligent of the state, they are deep thinkers and logical speakers. Their speeches so far have been to the point and full of real information. There is nothing of the spellbinder about their speeches. They do not try to charm by eloquence nor appeal to the emotions. Sensible speeches to sensible women anxious to learn the duties of citizenship are bound to have their effect on the questions which are of special interest to women.

HAS NEVER SEEN THEIR EQUAL

"I have used Chamberlain's Tablets for stomach trouble, biliousness and constipation off and on for the past ten years. I have never seen their equal yet. They strengthen my indigestion, relieve me of headaches and had a mild pleasant action on my bowels. I take pleasure in recommending them" writes H. D. F. Farmer, Cridersville, Ohio.
